

DRINKING WATER QUALITY TESTING

A self-paced virtual training using Learning Management System (LMS) developed by CAWST

5 - 26 June 2025
3:00 - 4:00
Virtual session

WHY TO JOIN ?

Join this interactive virtual training to gain essential knowledge and skills in using portable test kits: Wagtech Potatest Kit and ENPHO Test Kit for testing physical, chemical, and microbiological parameters of drinking water. The course also covers other topics such as sanitary inspections and drinking water quality standards.

WHAT WE OFFER?

- Key concepts of drinking water quality, contaminants, and safety standards
- Water quality testing, treatment methods and real-world case studies
- Interactive quizzes and scenario-based learning
- Fully online, self-paced, and accessible anytime
- Certificate upon completion

WHO CAN JOIN?

- WASH implementing professionals from Government, I/NGOs
- Water quality testing technicians
