

# Factsheet of Faecal Sludge Management of Mukundapur FSTP

The Faecal Sludge Treatment Plant (FSTP) at Gaindakot Municipality was constructed under Second Small Town Water Supply and Sanitation Sector Project. Department of Water Supply and Sewerage Management (DWSSM), Ministry of Water Supply (MoWS) and Asian Development Bank (ADB) financial supported for the construction of this FSTP. It was not functional during the time of study.

This factsheet has been generated based on the survey conducted on October 2023.

## Components in Treatment Facility

## Design Capacity and Operational Status

**Design Capacity: NA**

**Operational Status: Non-Functional**

We acknowledge representatives from Gaindakot Municipality and Mukundapur WSUC for your cordial support during this survey.
