

Bigyan Memorial Research Award **CALL FOR APPLICATION**

Environment and Public Health Organization (ENPHO) calls for applications from interested candidates for the **Bigyan Memorial Research Award 2025**, which is given every year to a Masters student with an excellent and innovative research proposal.

On 23rd September 2006, the world lost 24 dedicated people working in conservation and environment in the tragic helicopter crash at Ghunsa. Late Bigyan Acharya, an environmentalist and a member of ENPHO was one of them. In honor of Late Acharya, ENPHO has established a “**Bigyan Memorial Research Award**” to enable individuals, particularly youths, to conduct research work in the field of environment and science.

This Memorial Award is granted every year during the annual general meeting of ENPHO. In this regard, a research proposal is requested from interested students/researchers for conducting research work in one of the following fields of study:

- Wastewater Management
- Fecal Sludge Management
- Rainwater Harvesting and Groundwater Recharge

Required Documents:

- Proposal maximum 10 pages
- Updated CV
- An official “Letter of Recommendation” from applicants’ supervisor or mentor
- An official “Letter of Approval” from department/college head

Eligibility Criteria:

- All students who have passed Masters First Year and currently joined Masters Second Year program and supposed to start their thesis
- Age less than 30 years

Memorial award of amount: NRs. 25,000/- (NRs. Twenty-Five Thousand Rupees Only)

- **Deadline for submission of proposal:** 29th August, 2025
- **Duration of Research Grant:** 6 months

The award will be officially presented during the Annual General Meeting 2025 of ENPHO.

Application should be sent at: enpho@enpho.org

Application should be addressed to:
