

Learning Exchange on WASH Financing & Private Sector Engagement

December 23-24, 2025 | Kathmandu
Jointly Organized by NWSSRICDC & ENPHO

What This Learning Exchange Is About ?

Join this Learning Exchange to discover how innovative financing and private sector engagement can drive transformation in Nepal's water and sanitation sector. The program brings together WASH professionals to explore practical approaches from microfinance and public-private partnerships to blended finance and corporate social responsibility (CSR) that demonstrate how scalable WASH services can be achieved.

Through real examples & local insights, you will enhance your ability to design, finance, and implement sustainable WASH initiatives with private sector collaboration, helping advance progress towards SDG 6 and strengthening Nepal's WASH systems.

Expected Participants

WASH professionals from diverse organizations actively engaged in the WASH sector across Nepal.

- ✓ Government representatives
- ✓ Development partners
- ✓ Private sector leaders (investors utilities & service providers)
- ✓ NGOs & civil society organizations
- ✓ Technical experts & practitioners

Why You Should Participate ?

Discover new funding opportunities

Explore how blended finance, PPPs, microfinance, and CSR can close WASH financing gaps and build sustainable systems.

Gain insights from national experts

Understand financial policies, innovative funding tools, and global best practices from DWSSM, NWSSRICDC, CAWST, and leading practitioners.

Learn from proven successes

Learn from real success stories of WASH financing models and private sector partnerships from government, development partners & academia.

Break through barriers collaboratively

Participate in focused group sessions to tackle real challenges—mobilizing private investment, overcoming barriers, and creating enabling environments.

Registration Deadline:
18 December 2025
