Test Method of Different Parameters

Physico-Chemical Parameters

Parameters	Test-method
Available Phosphorus	Modified Truog Method
Electrical Conductivity	Laboratory Method
Moisture Content	Oven Drying Method
Organic Matter	Walkley-Black Method
pH	Electrometric Method
Total Kjeldahl Nitrogen	Modified Kjeldahl Method
Total Organic Carbon	Walkley-Black Method

Physico-Chemical (Metal & Metalloids)

Parameters	Test-method
Potassium	Flame Photometer Method

Microbiological Parameters

Parameters	Test-method
Total Coliform , E.coli	Membrane Filtration Method
Helminths	Zinc Sulphate Method
